

SETTING UP APPLICATION ENVIRONMENT

CREATE IBM CLOUD ACCOUNT

Project Name	SKILL AND JOB RECOMMENDER
Team ID	PMT2022TMID45797

The screenshot shows the IBM Cloud Dashboard in a web browser. The browser's address bar displays <https://cloud.ibm.com>. The dashboard header includes the IBM Cloud logo, a search bar, and navigation links for Catalog, Manage, and the user's account (Jenifa Jasmine's Account). A left-hand navigation menu contains icons for various services. The main content area is titled "Dashboard" and features a "For you" section with several recommended cards: "Build" (Explore IBM Cloud with this selection of easy starter tutorials and services.), "Set up your IBM Cloud account" (Learn how to set up your IBM Cloud account, manage your account settings, organize resources, and control access to those resources.), "Get Started with Watson Studio" (Get started with using AI and Cloud Object Storage in 15 minutes.), "Get started with machine learning + Watson Studio" (Build, run and manage AI models. Prepare data and build models anywhere using open source code or visual modeling. Predict and optimize your outcomes.), and "Build with Watson AI" (Chatbots, image recognition, Explore the AI platform for business.). Each card includes a "Getting started" button and a time estimate. On the right, a user profile dropdown menu for "Jenifa Jasmine" is open, showing options for Profile, Log in to CLI and API, Privacy, Change theme, and Log out. The bottom of the dashboard has sections for "User access" (Manage users), "News" (IBM Tech Now: October 24, 2022), and "Planned maintenance".
